

# **Dallas-Triangle Model for the church mental health cases**

- A Pastor in Dallas started and contacted a professional Christian counselor, member in the church to create a triangle model to handle difficult case involving challenging cases involving members with mental issues
- Pastor: care/focus spiritually
- Counselor: focus professional help
- Caregiver: focus on other logistical help
- Prevent a near suicide case
- Working on restoring a pastor son broken marriage involving domestic violence with wife also a church member
